

FLEXI BORDURA

Flexible lawnedging, stone imitation

Benefits

Flexible and very resistant, this edging is ideal for delimiting a flowerbed, lawn, driveway.
It adapts to all shapes, following either a curve or a rounding.
It has 4 pre-drilled holes to insert a fixing stake. A few blows of the mallet are enough for the border to be correctly fixed in the ground.

Characteristics

100% recycled tire material.
Dimensions: length 120 x height 10 x thickness 4.7cm.
Weight: 4.1 kg.
4 fixing pegs included.
Colours: anthracite stone effect.
Rot-proof.
Weather and frost resistant, UV resistant.
Easy to install, maintenance-free, aesthetic, discreet.
