

GREEN DENIA EVOLUTION 20

Denia Evolution 20 mm Artificial Grass

Evolution of the Denia Xtra 20 model. A high-end grass made using 20% recycled material. In addition, it now incorporates an anti-static effect and recovery capacity after foot traffic

Benefits

With artificial grass, you can enjoy a green garden all year round without worrying about the weather. Its natural and realistic appearance, combined with its resistance to weather conditions and easy maintenance, makes it a versatile option for balconies, terraces, gardens, and play areas. Additionally, it eliminates the need for watering, pesticides, and fertilizer. It is pet-friendly and offers a durable and convenient solution for any space.

- Anti UV: Yes.
- Antistatic: Yes.
- Drainage: 60 L/H/m²
- WARRANTY: 8 YEARS (* For more information, please consult our sales network)

MAINTENANCE TIPS:

- Once the grass is unrolled, let it rest for at least 24 hours before installing it.
- Once installed, brush the grass from time to time, depending on how it is used.
- For a better result, use a special brush for artificial grass such as the Nortene BRUSHY model.
- To remove dust, sand or other small debris present in the hair, a conventional vacuum cleaner can be used.
- Apply the CLEAN cleaner and Nortene FRAGRANCE to give it an unbeatable

appearance.

- It is not recommended to install artificial grass near glass and / or metal surfaces exposed to direct sunlight.
- The reflection of the sun on the glass causes a very high temperature and can cause burns to the blades of grass due to the magnifying effect on the grass.

Ref.	Size.	Color
2022720	2 x 4 m	vert - brun
2022721	2 x 10 m	vert - brun
2022722	2 x 20 m	vert - brun
