

HIVERZIP

(Over-) wintering covers

50 g/m² | 70 g/m² | UV RESIST | PP

As well as retaining heat efficiently, this overwintering cover is very easy to set up. Unlike some traditional covers, this one has a zip closing and a draw cord to secure tightly around the plant pot.

Benefits

Protects potted plants and shrubs Protects cold and frost-sensitive plants and shrubs from the cold, wind and hail. Overwintering hoods are air and water permeable and let the light in. Good heat insulation: creates a microclimate and retains accumulated heat. Ideal for protecting potted plants and shrubs Easy to set up, simply place over the plant.

Characteristics

In 50g/m² and 70/g m² non-woven polypropylene. UV resistant.
