

SPLIT BAMBOO

Coloured bamboo cane

Split bamboo: perfect stakes to support the growth of your garden plants and maintain their verticality. You will need to accompany these stakes with clips or ties for them to be effective.

Benefits

Characteristics

For staking small plants. The stake serves as a guide to the plant in its vertical growth for proper distribution.

Green color. Available in two sizes: 40 and 60 cm

Ref.	Size.	Color
140815	0,40 m	•
