

BAND

Connector strip for joining pieces of artificial grass

When installing your artificial grass you can choose between 3 joining systems: with double-sided tape, with adhesive tape, or with glue. If you opt for the last option you will need BAND, an overlapping band that will serve as a surface to later add the glue.

Benefits

- 100% polypropylene non-woven fabric with waterproof support layer. - Very easy to use.

Characteristics

- Available in measures of 10 and 50 meters long. - Green color

Ref.	Size.	Color
2019596	0,3 x 10 m
