

BALCONY 3

Balcony greenhouse

UV RESIST · PVC

Is your terrace too small to take all your plant pots? The Balcony mini grow house has a number of shelves and is ideal for seedlings and protecting plants over the winter. Its clear PVC zip-up cover protects from the cold.

Benefits

An excellent solution for growing plants on balconies, patios and terraces. For seedlings and overwintering. Painted steel frame

Characteristics

Green epoxy painted steel frame. 3 removable shelves. Clear PVC cover with a double zip opening for easy access. Dimensions: height 1.25m, width 70 cm, depth 50 cm.
